Who we are

Security and IT, planned, installed and supported by one team.

H8 Techcare is a Coimbatore security and IT integrator. We walk your site, plan the right system for your budget, install it neatly and stay on call for service and AMC. We also build our own attendance software, H8 Attendance Care.

Securing What Matters Most.

Eight solutions, one call

01

CCTV & video security

HD and IP cameras, Wi-Fi, 4G and solar cameras, PTZ, NVR / DVR recorders and live viewing on your phone.

02

Biometrics & access

Fingerprint, face and card readers, EM locks, door access and staff attendance.

03

Alarm & intercom

Intrusion alarms, sensors and video door phones.

04

Networking & IT

LAN cabling, switches, Wi-Fi access points, routers and structured networks.

05

Barriers & turnstiles

Flap barriers, boom barriers and turnstiles for gates and lobbies.

06

Home automation

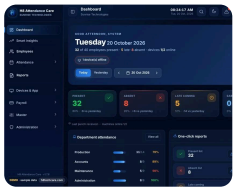

Smart lighting and connected devices for homes and apartments.

07

Desktops & laptops

Setup, upgrades and support for office and home computers.

08

Software

H8 Attendance Care, our own attendance and payroll software, plus custom software.

We work with leading brands and pick the model that suits your site, lighting and budget.

How we work

From the first site walk to years of support.

Four steps, one team. The people who plan your system install it, train you on it and come back when you need them.

01
Consultation
We walk your site: gates, blind corners, lighting, power points and network, and listen to how you use the space.

02
Planning
Camera positions, cable routes and the right devices for your budget, with a clear written quote.

03
Installation
Neat conduits, labelled cables, recorders and apps configured, and a handover with training.

04
Support
Service visits, health checks, maintenance and AMC. One call when something needs attention.

Where we work

Corporate & commercial
Offices, IT floors, banks and buildings with many entries.

Factories & warehouses
Wide yards, loading bays, shift attendance and gate control.

Schools & institutions
Campus cameras, staff attendance and controlled entry.

Homes & apartments
Gate and door cameras on your phone, video door phones.

Shops & showrooms
Counter and floor coverage, after-hours alarms, billing PCs.

Why H8 Techcare

01
Advice that starts at your site
We recommend after we see the place, not from a price list.

02
Everything connected as one system
Cameras, biometrics, access, network and software from one team.

03
Support beyond installation day
Service visits, maintenance and AMC. We know your setup because we built it.

04
Our own software
H8 Attendance Care is built in-house, so shifts, overtime and reports follow your rules.

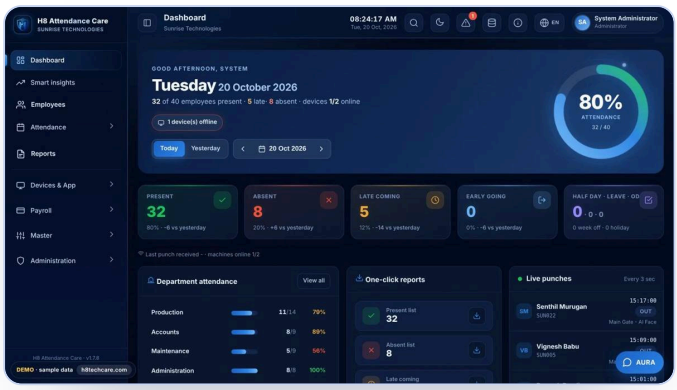

Our software

H8 Attendance Care

Biometric attendance, shifts and payroll in one system, installed on your own Windows server.

- Dashboard, smart insights, Auto Shift, overtime, leave and OD
- Muster roll, payroll with PF, ESI and PT files
- Email schedules, AURA assistant and AURA Autopilot
- Android app for staff and managers; 9 Indian languages
